

Optimum Re → Update

January 2019

Building Successful Partnerships since 1987

Good Morning and Happy New Year!

We would like to start 2019 by thanking all of our clients, business partners and colleagues for a successful 2018. We value the partnerships that we have created over the years and are thankful for the opportunity to strengthen those relationships year after year.

We are excited to showcase our Knowledge Center for you, via the Optimum Re website. Throughout 2019, we will be posting educational material in the form of articles, case clinics, infographs, and videos. We will feature content that will benefit multiple departments from Claims, Underwriting, Actuarial, Business Development and more. We look forward to sharing and growing our knowledge with you, so if you have any topic recommendations, let us know!

We are ready to hit the ground running here in 2019 and look forward to seeing a lot of you at the upcoming meetings. We will be there as attendees, speakers, and sponsors so please be sure to say hello.

Conference Calendar
