SERVING THE US REINSURANCE MARKETPLACE SINCE 1987

On April 22nd 2012, Optimum Re Insurance Company will celebrate 25 years of serving the US reinsurance marketplace, during which we posted sustained growth, established a sound and stable financial position, and earned a stellar reputation for efficient and professional client service. Since our very beginnings, we relied on guiding principles like risk management and integrity, elements that sustained our endurance through turbulent cycles and ensured our valued relationships.

In the early years our focus on serving smaller insurance companies and Fraternal Societies brought reinsurance support and much-needed expertise to this market segment, laying the foundation for our subsequent expansion into the large company marketplace.

Optimum Re Insurance Company remains committed to these markets, including profitability for our clients and providing new capacity and expertise to client companies. Our thorough understanding of our clients' specific business needs results in the development of strong business relationships that stand the test of time. We are proud of the expertise and the high standards of service we have offered our business partners along the way; moreover we are grateful for their contribution to our success. It is with great confidence and expectation that we look forward to another 25 years of alliance in growth.
